# Celcuity To Present at Upcoming 8th Annual Evercore Healthcare Conference

November 26, 2025

MINNEAPOLIS, Nov. 26, 2025 (GLOBE NEWSWIRE) -- Celcuity Inc. (Nasdaq: CELC), a clinical-stage biotechnology company pursuing development of targeted therapies for oncology, today announced its participation in the 8th Annual Evercore Healthcare Conference to be held in Miami, Florida on December 2-4, 2025.

Brian Sullivan, Chief Executive Officer and Co-founder of Celcuity, is scheduled for a fireside chat at 7:30 a.m. ET on Wednesday, December 3, 2025. A live webcast of the event will be available using this weblink https://wsw.com/webcast/evercore52/celc/2320846. Alternatively, the live webcast will be accessible from the Investors section of the company's website at https://ir.celcuity.com/events-presentations/ with a replay available shortly after.

**About Celcuity**

Celcuity is a clinical-stage biotechnology company pursuing development of targeted therapies for treatment of multiple solid tumor indications. The company's lead therapeutic candidate is gedatolisib, a potent, pan-PI3K and mTORC1/2 inhibitor that comprehensively blockades the PI3K/AKT/mTor (“PAM”) pathway. Its mechanism of action and pharmacokinetic properties are differentiated from other currently approved and investigational therapies that target PI3Kα, AKT, or mTORC1 alone or together. A Phase 3 clinical trial, VIKTORIA-1, evaluating gedatolisib in combination with fulvestrant with or without palbociclib in patients with HR+/HER2- ABC has completed enrollment and the company has reported detailed results for the *PIK3CA* wild-type cohort, and has completed enrollment of patients for the *PIK3CA* mutant cohort. A Phase 3 clinical trial, VIKTORIA-2, evaluating gedatolisib plus a CDK4/6 inhibitor and fulvestrant as first-line treatment for patients with HR+/HER2- ABC is currently enrolling patients. A Phase 1/2 clinical trial, CELC-G-201, evaluating gedatolisib in combination with darolutamide in patients with metastatic castration resistant prostate cancer, is ongoing. More detailed information about Celcuity’s active clinical trials can be found at ClinicalTrials.gov. Celcuity is headquartered in Minneapolis.
